<i>Annexure 1: Application forms</i>	07
<i>Annexure 7: Checklist for compiling dossier</i>	10

## **Introduction**

The Guideline for registration of Medicinal Products 2020 was developed to guide applicants in preparation and submission of drug registration applications in the form of dossies or to make changes to existing registered medicinal products. The guideline mentions three routes of registration, their eligibility criterias and the document requirements.

This Guideline serves as an addendum to the Guideline for registration of medicinal products 2020 and should therefore be read in conjunction with the said Guideline. This Guideline introduces a new route of product registration which is the Registration of Medicinal products via Company recognition.

## **PRODUCT REGISTRATION VIA COMPANY RECOGNITION:**

1. A generic drug may be registered via company recognition provided the drug is included in the Essential Medicines List published by the Ministry of Health.
2. Only those generic drugs which are manufactured by companies recognized by the Drug Regulatory Authority (DRA) are eligible. Company recognition is based on cGMP audit report issued by the DRA.
3. The products registered via Company recognition will entail the same application fee and process as other routes of registration.
4. The DRA will maintain a list of companies that are eligible to apply for registration of their products.
5. Documents required for Registration Via Company Recognition:
  - a. Application form (Checklist 5)
  - b. Product Sample
  - c. Packaging Specimen
  - d. Price structure
  - e. Letter of Authorization

*\*Note: Additional documents may be asked as and when deemed necessary.*

## **Criteria for Disqualification**

Products registered via Company Recognition route may have their registration status revoked if:

1. The cGMP audit report during subsequent inspection of the recognized company finds that the company no longer falls under 'Very good' rating.
2. The company is no longer operational.
3. If product defect incidence occurs due to severe lapse in the quality from the recognized company.
4. Any other reasons as deemed necessary by the DRA.

# **Annexure 1: Application forms**

## APPLICATION FOR REGISTRATION OF MEDICINES VIA COMPANY RECOGNITION

M/s

.....hereby  
apply for registration of the product specified below for  
sale/distribution in Bhutan.

Type of medicines (*Circle the appropriate one*):
